[Spice]

From 2000 to 2004, US started to increase import of spices from Africa. But Asia break the trend in 2005, and its shares kept increasing until 2009.

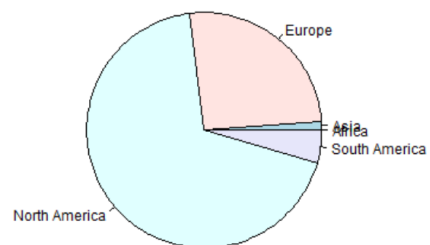

Since 2014, Africa and South America have been increasing their shares in Spice Market

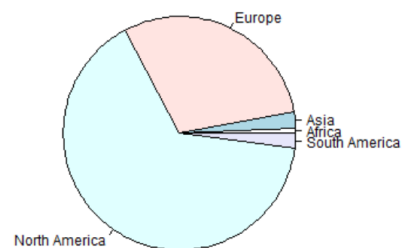

[Chocolate]

We observe a steady increase of market share of the chocolate from Europe from 2003-2008, then its share dropped in 2009 and dropped even further in 2010
